

## STEM Teach IV - Scholarship to Purdue's STEM Education Conference

**IMPORTANT NOTES: Do not register for this offering with STEM Teach until you have confirmed with your administrator that you are able to attend. STEM Teach will register teachers at the Purdue website – do not register on your own; STEM Teach will not be able to reimburse you.**

The sixth-annual Indiana STEM Education Conference will be hosted by Purdue University on Wednesday, January 14, 2021 from 8:30 AM - 3:30 PM EST. Due to the COVID-19 pandemic, this year's conference will be VIRTUAL.

Event site: <https://www.education.purdue.edu/catalyst/catalyst-programs/indiana-stem-ed-conference/>

The theme for the 2021 conference is “STEM Education Meets a Global Challenge.” Presentations will include strategies that address social distancing and virtual learning in STEM education. The conference is an opportunity for teachers and schools to learn about effective lessons, policies, partnerships, assessments, and education strategies in STEM.

The 2021 conference will include:

- Keynote speaker Dr. Jennifer Richardson
  - Dr. Richardson researches online teaching, social presence, and gauging learning. She is the director of PoRTAL, an open educational resource site for online evidence-based teaching practices. She will present strategies for online teaching and learning for K12 classrooms.
- Up to 60 presentations on STEM curriculum, STEM instruction, and STEM careers
- STEM research posters and briefs
- Networking with STEM education vendors
- A web page with resources from the presenters, vendors, and researchers
- Access to recorded presentations following the conference
- Professional Growth Points for teachers

Agenda coming soon!
